## Tier II

### IGAEB – Teaching About Human Sexuality

Ms. Hopper and Ms. Adams discussed the policy changes and CPS curriculum. The policy revisions require teaching legal implications beginning in 6<sup>th</sup> grade. New topics as required are part of the 9<sup>th</sup> grade Health curriculum. After discussion, Ms. King moved to bring the policy forward as presented but move it to Tier I since the changes are only to meet state statute. Ms. Wade seconded and the motion carried.

### KB – Public Information

This policy was reviewed after questions were presented to MSBA who indicated expansion of a recommendation however a board decision. After discussion and markup of the proposed policy, the committee decided to review again at a future meeting before taking to the board.

## Tier III

### GBCC – Staff Use of Communication Devices

The committee reviewed the proposed changes which were generated from some law change. There was question as to the real reason for the proposed changes and a desire to assure that the policy is enforceable and reasonable. After discussion and markup, the committee decided to move this policy for review again at a future meeting.

Mr. Ballenger moved that the committee adjourn, Dr. Stiepleman seconded and the motion carried.

Respectfully Submitted
