Description of how strategy/strategies will provide

Teachers continue to receive professional development in setting learning targets, developing success criteria and utilizing state standards and proficiency scales for grading. The NEE is also currently being used to evaluate teachers and set improvement goals. This instrument has clear indicators that allow teachers to understand exactly how to improve instruction. Teachers also participated in professional development in our new ELA materials, Equity, Restorative practices, and Conscious Discipline. Our Title I reading teachers push into classrooms to provide intervention support for classroom teachers.

☒ Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the Missouri Learning Standards

Description of how strategy/strategies will address

We have a very high need for services in our families and often don't have the resources to meet basic physical and mental health needs. Many of our students have suffered trauma and this affects their ability to work and learn in the classroom. We connect families with services but often there are barriers such as transportation that keep families from appointments. There are also limited resources in our community for children with extreme mental health needs.

Describe activities

Instructional mentors and department Coordinators work with teachers on the standards referenced grading with prioritized standards for the students.

☒ **Recruiting and retaining effective teachers, particularly in high need subjects**

Describe activities

Develop Teacher Efficacy, maintain a positive school climate and culture. Hosting SYOSP and Columbia College students: we hope our connections with Pre-service teachers and field work through our partnership with Columbia College will encourage them to apply to teach specifically at Benton.

☒ **Assisting preschool children in the transition from early childhood education programs to local elementary school programs**

Describe activities

Each spring there are numerous events where preschool parents are introduced to elementary school, both at the preschool site and at the elementary. Also, there are transition meetings with preschool and the home schools to make sure critical information about the student is passed on to the new school. Preschool teachers for the most at risk students are at the home elementary on the first day of school to help with the transition and to assist with parent questions since relationships are stronger with the preschool teacher than the new elementary school.
